EduArt Nuresies and preschools Newsletter

7-8/2023

Dear parents, dear friends,

Welcome to the pages of the summer edition of EduArt's newsletter, in which we will focus on the program of our kindergartens in the months of July and August.

Even during the summer break, EduArt is not resting. We are diligently preparing programs, events and trips for your children for the following school year.

A complete painting of the premises will be done at Prague 2 and 4. Currently at Prague 9, the establishment and total equipment of the two new classrooms is in full swing.

I really hope you're enjoying the summer days, and I'm already looking forward to meeting you and your children again at EduArt.

I wish you all a wonderful summer!

Summer in Libuš Kindergarten

Summer at the kindergarten in Libuš will be marked by games, discoveries and fairy tales.

In the last week of July, the Journey to Prehistory awaits us, where we will play archaeologists and discover prehistoric creatures.

Subsequently, we will move to the American continent, where we will spend time with Indians and cowboys.

The Summer Olympics, an all-morning picnic at a nearby meadow and canistherapy await us. Additionally, we will play pirates and visit the rope playground.

In the penultimate week of August, we will become princes and princesses who will dance at the ball.

We will spend the last week of August with the forest elves in the Kamýcký forest.

Summer in Vinohrady Nursery

The end of July is approaching and brings a new wave of excitement and fun. After a wonderful rest during the holidays, we are looking forward to meeting once again and discovering new and interesting worlds full of surprises together.

And what actually awaits us? Get ready for an unforgettable Color Week, where we will dive into all possible shades of the rainbow. Each day will be dedicated to one color, and we can look forward to various activities, games and creations that will help us discover the beauty of colors.

We are also looking forward to an adventure with vehicles. We will learn together about different types of cars, trains, planes and other means of transport.

And what would summer be without the sea? We will also visit the sea animals, where we will get to know the various creatures that inhabit our oceans. Together, we will learn about their life, nutrition and how to protect them, so we can become better guardians of our planet.

But we won't forget our friend Eda, who went on vacation and will definitely tell us a lot of interesting things that he experienced on his vacation.

At the end of August, we will go on an adventure to a wonderful pond that hides incredible life. Get ready to meet the fascinating creatures that inhabit our surroundings.
