

Eda's News

EduArt Nurseries and Preschools Newsletter
9/2023

Dear parents,

The new school year is here! We welcome all children and parents among us, and we firmly believe that you will all like it at our EduArt kindergartens. I am very pleased with how many parents decided to continue with us and thus enable their children to experience another year at EduArt.

Tandem teaching takes place in all EduArt kindergartens. This is the teaching style where two or more teachers are in the classroom with the children at the same time. The teachers complement each other, in which they create weekly plans and daily preparations for classes together. This modern method of teaching enables more effective individualization of teaching, the possibility of dividing children into groups, and mainly thanks to it, we can provide very high-quality teaching. The female teachers, whether in Czech or English, cooperate with each other, make full use of their strengths and, of course, support each other. Together, this enables them to prepare really interesting activities for the children. The organization of the day is never haphazard and the teacher (or teaching assistant) knows exactly what they have to do in a certain part of the morning and what their goal is. We want the children to feel good in the classroom, and of course we strive to make our teachers feel good too - in short, everyone has a good time. A pleasant climate is the most important thing!

Personally, I am very much looking forward to the new school year, which will be full of new challenges.

Most of all, I would like EduArt to continue flourishing as well as it has in Vinohrady, Libuš, and Hloubětín.

I wish you a beautiful September!

Radka Wirthová
director and co-owner

September in Vinohrady Kindergarten

EVENT CALENDAR

4.9. The beginning of the school year

7.9. Project day - Wright brothers - invention of the airplane

21.9. A trip around the kindergarten focused on safety

26.9. Blue class - Trip to the city center (Míru Square or I.P. Pavlova)

27.9. Green class - Retirement home

WEEKLY THEMES

- I feel great in kindergarten
- How's it going in kindergarten?
- Safe inside and outside
- The town I live in

During the first few days of September, we will say goodbye to the holidays and welcome the new school year together. We will meet new faces of friends and teachers. Together, we will share our experiences from the holidays and summer days. Additionally, we will visit the classroom and kindergarten, where we will get to know Edk. In the second week of September, we'll draw up common rules that will help us feel good during our stay in the kindergarten. After examining the rules inside the kindergarten, we will see what it looks like outside and around the kindergarten, in which we will understand the rules that protect us during our various trips and expeditions outside.

In the last week of September, we will learn the difference between a big city and a village, as well as find out where we live and where our kindergarten is.

September in Libuš Kindergarten

EVENT CALENDAR

- 4.9. The beginning of the school year
- 13.9. Alzheimer Home
- 19. - 20.9. Project day with EMOTION SUITCASE
- 27.9. Red day
- 28.9. Public holiday

September marks the start of a new school year full of fun and experiences. We will spend the first two weeks getting to know the kindergarten and making new friends. We will review all the rules and rituals, as well as introduce the novelties that await us this school year. After the summer break, we will also visit the elderly at the Alzheimer Home. The following week, we will focus on emotions and learn respect and tolerance for others. Our favorite tool in the form of the Emotional Briefcase will help us with this. New this school year is the annual Colors project. In the month of September, we will start with the color red, which is often symbolized by the heart symbol.

WEEKLY THEMES

- Welcome to the kindergarten
- Emotions
- Red Heart

EVENT CALENDAR

- 4.9. The beginning of the school year
- 20.9. Angels in a Fur Coat - "Animals from the farm" (Blue class + Yellow class)
- 21.9. Angels in fur coats "Animals from the farm" (Red class, Orange class, Green class)
- 25. - 29.9. Project week "Teachers"

September is here, and with it, we will embark on a new school year, where more new adventures filled with fun and exploration await us. Together with Eda, we will reunite with familiar faces and also make new friends in the kindergarden! In the first days of September, we will share our summer holiday experiences, get to know new friends and teachers, as well as explore the classroom, the kindergarden, and its surroundings. Since we want everyone to feel comfortable and safe in the kindergarden, we will establish our shared rules, which will help us learn mutual respect.

In the final week, we will set off on our first journey into Eda's realm. During the initial project week, Eda will unveil the teaching profession to us and guide us through the school and kindergarden environments. Additionally, we will focus on those whom we don't see as often during the day, but are a crucial and irreplaceable part of the kindergarden. We won't forget about our little turtles, Dandelion and Athena. Last but not least, we will remind ourselves how to behave around animals and familiarize ourselves with the lifestyle and care of terrestrial turtles. This way, we will preliminarily celebrate Animal Day.

WEEKLY THEMES

- Hello in Kindergarden!
- About Our Rules
- Our Kindergarden Full of Friends
- Teacher and Educator

September in Vinohrady Nursery

This month, together with our Edík, we will start our year-long journey through a world full of fun and discoveries! In the first few weeks, we will get to know new and existing friends and teachers. Together with Edík, we will walk through the cozy corners of our nursery to review the important rules that will help us all feel great and safe during our stay. What's more, we will also learn how to walk safely on the streets. But that's not all! During our journey, we will also delve into an exciting project topic - "JUNGLE ANIMALS." This topic will transport us to distant places, where we will discover wonderful exotic environments and get to know the fascinating creatures that live in them. Children will enjoy learning, discovering and creating. Whether we're at home in our nursery or in the far jungle, one thing we can be sure of is that this month will be full of fun and unforgettable moments.

WEEKLY THEMES

- We fly back to the nursery
- We travel in and out of the nursery
- Project week: Animals in the jungle
